Title of the project Landscape Improvement around the Sanctuary of Nossa Senhora de Aires and its pilgrimage and fairs precinct – municipality of Viana do Alentejo, Évora district

Authors Ariane Figueiredo dos Santos

## TECHNICAL DOSSIER

Title of the project Landscape Improvement around the Sanctuary of Nossa Senhora de Aires and its pilgrimage and fairs precinct – municipality of Viana do Alentejo, Évora district  
Authors Ariane Figueiredo dos Santos  
Title of the course Landscape Design I  
Academic year 2019/20 | 1st year of Master's degree in Landscape Architecture  
Teaching Staff Maria Adalgisa Cruz de Carvalho | Paula Maria Simões  
Department/Section/Program of belonging Department of Landscape Environment and Planning  
University/School Évora University - School of Science and Technology

### Main proposes of the project:

Enhancement of the natural and cultural heritage of the rural landscape and urban fringes in the area between the Sanctuary and the nearby town of Viana do Alentejo.  
Enhancement of the landscape as a whole and regarding the sanctuary as its main element and prominente building;  
Nature, lansdcape and cultural values conservation and improvement  
Designing of trails to connect the sanctuary with Viana and other places in the sorroundings with interest on account of their landscape and natural and cultural heritage; to promote leisure, recreation and didactic use, as well as the design of rest and recreation areas.  
Redesigning pilgrimage and fairs precinct
