KEY INTERESTS

EXPERIMENTING DETAILS AND TECHNIQUES

- I believe in the usage of locally
available materials in the build-
ing process.
- Have great passion for experi-
menting with these materials, its
usage techniques and Detailing.

ECOLOGICAL DESIGN

- Passionate about Devel-
opment of Ecologically re-
sponsive and sustainable
design for Landscapes.

NARRATIVE APPROACH

- Interested in developing a
Poetics/Storytelling layer in
Design development.
- Believes that any design
evolves from the actual site
and the different stages of
design development must be
well narrated as a Story/
Poem.
