

PRESS RELEASE

The 11th International Biennial of Landscape Architecture of Barcelona will be held online and will discuss solutions to address climate change mitigation with professionals and activists of landscape and architecture

- The event, which will take place from the 27th of September to the 2nd of October, will be exceptionally held virtually, with free registration.
- It will include: A symposium, the Rosa Barba International Landscape Award, and the International Landscape Schools Award - Banco Sabadell Foundation.
- The motto of the symposium "Climate change, again: City and Nature", highlights the use of landscape as a tool to face the climate emergency.
- Among the 42 experts who will attend the Biennial there are the American landscaper and climate activist Martha Schwartz, the French writer and gardener Gilles Clément, and the architect author of Brooklyn Bridge Park in New York, Michael Van Valkenburgh.

Barcelona, September 16, 2021.- From the 27th of September to the 2nd of October, 2021 a new edition of the **International Biennial of Landscape Architecture of Barcelona** will take place, which will host the symposium "**Climate change, again: City and Nature**" to reflect on the importance of landscape in reducing climate change, as well as the **Rosa Barba International Landscape Award** and the **International Landscape Schools Award - Banco Sabadell Foundation**.

The event will, let another year, bring together professionals and experts in landscaping and architecture in a congress that has become a reference on an international scale. The symposium will count with **8 renowned guests** who will explain tools to face the climate emergency, the **authors of the 11 finalist landscape projects** of the prestigious Rosa Barba International Landscape Award and, last but not least, representatives of the **8 finalist schools** of the Award. Landscape Schools International.

During the Biennial, the [Book-catalogue of the 10th International Landscape Biennial](#) held in 2018 will also be presented. The UPC School of Architecture (ETSAB) will host the exhibition of the finalists of both awards.

Given the context of the pandemic caused by Covid19, this edition of the Biennial will be held online, with the exception of the closing ceremony, which will take place at the COAC and the Palau de la Música (Barcelona, Spain).

The **11th International Biennial of Landscape Architecture of Barcelona** is organized by the Association of Architects of Catalonia and the Polytechnic University of Catalonia, and has the institutional support of the Barcelona Metropolitan Area, the Barcelona City Council, the Barcelona Provincial Council, the collaboration of Banco Sabadell Foundation, and the collaboration of the ISUF Congress, the International Federation of Landscape Architects (IFLA), the International Federation of Landscape Architects of Europe (IFLA Europe) and the New European Bauhaus.

The Symposium: a showcase of the best landscape projects and the presence of experts from the sector

One more year, the Biennial invites us to address a current issue as a contribution to the public debate to solve society's problems from the perspective of the landscape. This year the motto of the Biennial symposium is "Climate change, again: City and Nature". The finalists of the two prizes awarded by the Biennial also participate in the Symposium: Rosa Barba (professionals) and Schools (architecture universities). In total, 43 speakers are expected to participate for 30 hours online. The **8 invited experts** of the Symposium are:

- [Martha Schwartz. Landscape architect, urban planner, climate activist and professor at Harvard University Graduate School of Design.](#)
- [Colleen Mercer Clarke. Landscape architect and coastal ecologist.](#)
- [Karin Helms. Landscaper, biologist and professor at the Oslo School of Architecture and Design. She incorporates participation to perform in great cultural landscapes. President of IFLA Europe.](#)
- [Maguelonne Déjeant-Pons. Executive Secretary of the European Landscape Convention of the Council of Europe.](#)
- [Li Xiong. Professor and Vice President of Beijing Forestry University and member of the China Expert Committee on Landscape Architecture.](#)
- [Gilles Clément. Horticultural engineer, landscape architect, writer, gardener and professor at the National Superior School of the Country of Versailles.](#)

As local institutional representatives, the symposium will feature:

- [Xavier Matilla. Chief Architect of the Barcelona City Council.](#)
- [Ramon Torra. Architect and manager of the Metropolitan Area of Barcelona.](#)
